Mail Stop Appeal Brief - Patents

**Technology Center 3600**

Dear Sir:

A Notification of Non-Compliant Appeal Brief was mailed April 2, 2008,  
requesting that Appellant insert structural element reference numerals in the Summary of  
the Claimed Subject Matter section.

Attached hereto is a replacement Appeal Brief in response thereto, wherein  
reference numerals have been inserted in the Summary of Claimed Subject Matter

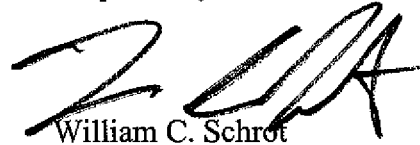

section. In addition, Appellant has inserted headings in the Argument section for each group of rejection, with arguments for each claim reorganized under each heading. No new arguments have been included.

Given this is the second Notification of Non-Compliant Appeal Brief, the first being erroneously issued as acknowledged by the Examiner, the undersigned confirmed with the Examiner that there are no other known defects in the Appeal Brief by telephone conference on April 22, 2008. The Examiner indicated that after inserting the reference numerals, the Appeal Brief appeared to comply with all provisions of 37 CFR 41.37.

Accordingly, Appellant respectfully requests that this appeal proceed for evaluation on the merits.

It is believed that no fee is due with this submission. Should that determination be incorrect, then please debit Account No. 50-0548 and notify the undersigned.

Respectfully submitted,

A handwritten signature in black ink, appearing to read 'W. C. Schrot', is written over the printed name.
